Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Great American Empire: Or, Gen. Ulysses S. Grant, Emperor of North America Do you believe that General Ulysses S. Grant seriously contemplates the destruction of the American Republic and the establishment of an American Empire upon its ruins, with himself at its head? Whether you believe it or not, there is evidence enough of this startling fact in the following pages to convince any candid reader that there is at least danger, in the near future, to our Republican institutions, and that it is time for every true American to be on his guard. The Plans, As revealed in this book, were arranged at the private and confidential interviews which General Grant held, while in Europe, with the rulers of the four great Empires, England, Germany, Austria and Russia, and were as follows: General Grant was to continue his tour around the world until just previous to the next Presidential campaign, when he would return to the United States and manipulate the wires in such a way as to secure the nomination by the National Republican Convention for a third term.
