John Wiley and Sons Ltd, United Kingdom, 2003. Paperback. Book Condition: New. New.. 224 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.A clear and thorough introduction to techniques and practice issues, as well as basic theoretical frameworks, for beginners. Psychoanalysis is not so much skill-based, as dependent upon the development of the analytic attitude, guided by principles of technique that are used in the clinical situation. Alessandra Lemma s accessible guide has been based on her long experience of teaching trainee practitioners. It includes discussion of interventions and the possible dynamics associated with the different stages of therapy: assessment, beginnings, middle and end phases of therapy. It exposes the rationale underlying a range of interventions and discusses research evidence where relevant and available. Written by a well known author with plenty of practical experience Introductory and aimed at trainees Uniquely, it combines practical advice with theoretical explanation.
